Welcome!

Unlike the bachelor programme, the master studies at the university of Bonn can be started in the summer semester. A very warm welcome to every new Master of Mathematics student! Please do not hesitate to contact us with any questions or concerns. You can find us in room N0.001.

Miscellaneous

Congrats to Dr. Michael Welter of the MI for successfully proving the Riemann hypothesis!

Riddle

Some matchsticks are given forming three double squares as shown below. Remove nine of them so that it leaves a rest of eleven.

The answer will be on the next loo paper.

Solution of last months riddle:

Referring to the ropes as A and B: Ignite both ends of A and simultaneously one end of B. When after 30 min A has burned down, light the other end of B. When B has burned down, 45 minutes have passed.

Miscellaneous

Send in your favourite riddle to klopapier@fsmath.uni-bonn.de! The best or funniest will be on the next loo paper.

For feedback, Q&A mail to klopapier@fsmath.uni-bonn.de

Drachenfels-hike

On the 13th of April (second saturday of the semester) we would like to take you on a hike up the Drachenfels. We are going to meet at 10:45 am in front of the annex to then walk to the Hbf together and take the tram 66 at 11:20 am to Königswinter. On top of the Drachenfels we will supply a small picknick. However, you should bring some food yourself, because hiking will make you hungry!

Exam protocols

Student council is looking for protocols of oral exams, as our collection grows ever older. Unfortunately, we were not able to help all of you in the past semester, because we didn’t have the requested exams. If you have taken an exam, please consider writing down a documentation and bringing it to us. Thank you!

Upcoming Events

01.04. Start of lectures
01.04. Birthday of the Weasley-twins
09.04., 18:15 Game night
13.04., 10:45 Drachenfels-hike
