26.10., 18 c.t. Master Welcome
27.10., 19 c.t. Master Pub Quiz

Hello Newcomers

Welcome to the university! We are the student council (in German 'Fachschaft') and we offer you events making the start of your student life much easier. Because of the COVID-19 pandemic most of the events look different than usual, however there will be still a mix of events (both on- and offline) helping you meet your fellow students. In addition to the events written above, we are planning weekly consultation hours for Master students and a hike to the Drachenfels. All new information can be found at both the homepage and the Facebook page. Please look into the Master-Info - there you will find a lot of helpful articles. Please come with any questions and feedback to one of us or the Ersti-Scouts.

Best Felix, Marena, Nicolas, Zbiggi
(Master department)

Ersti-Scouts

In 2020 everything is a bit different than usual and for those new in Bonn a bit more complicated. That's why this year there are "Ersti-Scouts" who support all those who are starting a maths bachelor, master or teachers training. You can contact Laurits, Janna and Laura C. via erstiscouts@math.uni-bonn.de or during their consultation hours.

What does 'Fachschaft' mean?

In German the 'Fachschaft Mathematik' is actually defined as the set of all mathematics students (in Bonn). Therefore, if you are reading this, you are probably an element of it. In most cases though, it describes the student council: an open circle of very involved students who regularly organise events for you, sit on many committees to represent your interests and write informative texts like this one.

So if you have any problems, questions, suggestions etc.: approach us anytime! We are there in order to help you. You want to **contribute**? Visit our Discord server or join one of our meetings - Everyone is welcome!

Telephone consultation hours (AWD) during the holidays:

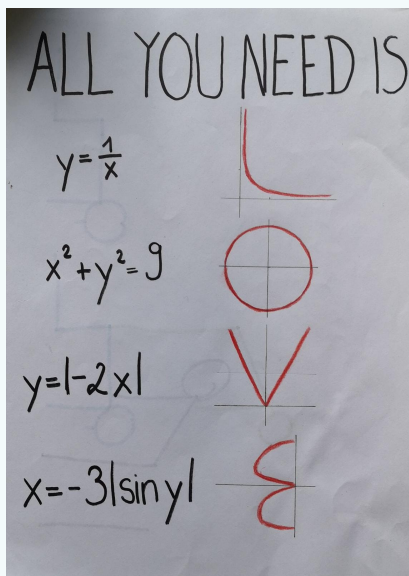

Tue & Thu 12.15-1.45 a.m.,
01590/1489564

FSR meeting:

Wed, 6.15 a.m. on Discord or BBB
(check our website)

Check it out!!!

Online Notice Board

Normally we fill our notification boards in the annex with job openings, request for participation in studies and other advertisement that is sent to us (as long as it's not unconstitutional). Now that's obviously impossible - hence we established an online notification board on our website where you can find all this stuff. Check it out!

Online Pub Quiz

On the 6th of October the next online pub quiz will take place, Yippee! You have to register in advance, for more information visit our website.

Evaluation of the Maths Online Semester

Everyone (who has been studying in Bonn last semester) should have gotten an e-mail from the BaMa-Office about the maths internal evaluation of their digital teaching. Participate and tell your friends. This is your opportunity to give feedback on the online semester so that in the future everything will get better!

Riddle of the Month

The goal is that full and empty wine glasses alternate. Considering the two starting scenarios below, how many moves are needed to achieve that goal? One move consists of lifting one glass and putting it down again.

Szenario 1:

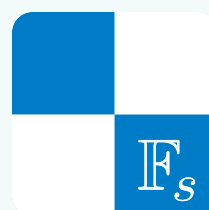

Szenario 2:

The answer will be on the next loo paper.

Solution of last months riddle:

Es gilt $a = 7, 5$.
