- 16.12. Christmas party
- 24.12. – 06.01. Lecture-free period
- 13.01. Cocktail night
- 14.01. Chess tournament

It's Christmas time!

The festive season is just around the corner and biscuits are back on sale in the supermarkets. We invite you to a **Mental Health Group Talk** on 01.12. while enjoying some Spekulatius! The Dies Academicus will take place on 03.12. – there will be no regular events. Instead, there will be various voluntary offers from different subjects. You can find more information at uni-bonn.de/de/studium/studienangebot/mehr/studium-universale. On the very next day, 04.12., there will be a **WaBE**, a wine and barbecue evening together with the biology, at the biology's location (Kirschallee 3). There will be good and better wine in white or red, maybe even spiced wine, and of course grape juice. You can also feast on grillables at cost price, and enjoy your evening. We want to invite you to this year's Maths **Christmas Party**, which will take place on Tuesday, 16.12., from 18 c.t. in the MZ. The number of participants is limited to 199. Register from 02.12. 18:00 via pretix.fachschaften.org/unibonn-mathe/weihnachtsfeier25. There is an entrance fee of 2€. If you would like to contribute something creative to the program, please send an e-mail to weihnachtsfeier@fsmath.uni-bonn.de. We look forward to seeing you there! You can find more details at fsmath.uni-bonn.de.

FSV-Election

It's that time of the year again, from **December 08–10**, you can vote for the FSV, the student representatives for mathematics! You can vote on Monday in the CAMPO Mensa from 11:00 to 15:00, on Tuesday at the Wegelerstraße 10 from 09:00 to 13:00 and on Wednesday at the math centre from 13:00 to 17:00. We look forward to the highest possible voter turnout. Remember to bring your student ID and your identity card.

Registration for Exams

As of 01.12.2025 you can register for the **tutorials and exams** in your courses. The registration is via **BASIS**. Depending on the type of exam the deadline for the registration varies. For written exams, the registration period runs until two weeks before the exam date, for oral exams until two weeks before the end of the lecture period. Please check for every registration that you have received a confirmation email! From this semester, you also have to **register for the tutorials**. A detailed HowTo was sent with the 25.11. BaMa mail!

Riddle of the month

Determine all four-digit numbers n such that the square of the sum of the numbers consisting of the first two digits and the last two digits equals n again.

The solution will be on the next Loo Paper.

Solution to the last riddle:

If after an unknown number of iterations the longest piece of rope has length x , there are $\left\lceil \log_{\frac{2}{3}}(x) \right\rceil + 1$ different rope lengths at this time.
